May 2025

**Dear Parent/Carer,**

We are excited to invite you to participate in a **School-Based Respiratory Project** aimed at providing support and education for children with asthma or asthma-like symptoms. This innovative programme, delivered by **Mr. Dave Edwards**, a Clinical Pharmacist and specialist prescriber in respiratory care, will be available to children at our school as part of a larger initiative involving 52 primary schools across Pembrokeshire.

Mr. Edwards will conduct in-depth asthma assessments and offer guidance to children and families within the familiar school setting. As part of the process, Mr. Edwards will have read-write access to local GP records to ensure that the asthma care provided is tailored to each child's individual needs, in line with the latest **All Wales Paediatric Asthma Guidelines**.

The programme provides:

- Confirming a diagnosis (where possible)
- Education for parent/carer and pupil
- Action and use of medication
- Inhaler technique

**Mr. Edwards will be in school on the following dates between 9:30am and 4:30pm**

- **Monday 19th May**
- **Wednesday 4th June**
- **Thursday 5th June**
- **Tuesday 17th June**

The local GP Surgeries are funding this project and would like all pupils affected by their chest to attend. **Please contact the school office to arrange an appointment on one of these dates.**

We encourage you to take advantage of this valuable programme to support your child's respiratory health.

Kind regards,

*L John*

**Ms L John**  
**Headteacher**
