Dear Parents/Carers,

Re: Special Diets, Allergies and Dietary Requirements

We would like to remind all parents and carers to keep the school informed of any dietary requirements your child may have.

This includes:

- Food allergies or intolerances
- Medical dietary requirements
- Religious dietary requirements
- Cultural dietary requirements
- Ethical or vegetarian/vegan diets
- Any changes to dietary requirements or instructions previously provided to school

To help keep information up to date and ensure that the Catering Service can provide appropriate meals for your child, please complete the Special Diets and Dietary Requirements online form using the link below:

<https://tinyurl.com/3mn223uy>

If you have previously submitted information, but there has been any change to your child's dietary requirements, allergies etc please complete the form again so that the most current information is held with the Catering Services.

Please note: Completing the online form does not replace the need to inform school directly. Parents and carers must also contact the school to notify us of any new allergy, dietary requirement or change in circumstances. This is particularly important where the requirement is medical or allergy-related.

If your child has a newly diagnosed allergy or medical dietary requirement, please contact the school as soon as possible so that we can discuss the appropriate arrangements and ensure the relevant information is shared with the staff who need to know.

Thank you for your cooperation and for helping us to keep our records accurate and ensure that we can support your child's dietary needs safely and appropriately.

Kind regards,

L John

Ms L John
